## **CONSERVATION VOTERS FOR IDAHO ENDORSE BRIAN CRONIN**

(BOISE)—Conservation Voters for Idaho, a bipartisan organization whose mission is to help elect public officials committed to protecting Idaho's quality of life, air, water, and open space, has officially endorsed Brian Cronin's candidacy for District 19's House Seat B in the Idaho Legislature.

"It's an honor to have the support of the Conservation Voters for Idaho," said Cronin. "Protecting our quality of life is of utmost important to me. I will work tirelessly to ensure that our children and future generations can enjoy the things that make Idaho such a special place--the very things that are currently jeopardized by rampant growth and irresponsible management."

"The state has a critically important role to play in ensuring that Idaho's unparalleled landscapes, wilderness areas, wildlife habitat, and pristine bodies of water are safeguarded. These are places that people can go to recharge their minds and bodies, gain perspective on our hectic day-to-day lives, and renew one's sense of place and meaning in this world. Granted, everyone has their own unique reasons for loving the great outdoors but few can deny the transformative powers of being in such settings of natural beauty."

Cronin has been an outspoken advocate for Idaho's quality of life. As a legislator, he will work to preserve Idaho's clean air and water and protect our public lands and open spaces.
